

*Congratulations on your engagement and forthcoming wedding.
We are delighted that you are considering entrusting Rapture
Photography with your precious photographs.*

We look forward to meeting you to chat about your requirements in more detail and to showing you our quality range of products and services in person. If you live some distance from us and are unable to visit for any reason, we can do everything by phone, e-mail or Skype.

Our Approach

We typically take relaxed and informal photographs to capture the full story and emotion of your wedding day, and we include a number of semi-posed and creative images for added impact, as well as some formal shots and family group shots to cover all the bases and keep everyone happy. We are very much guided by you and your personalities, and prior to the wedding we spend lots of time discussing your preferences and requests.

We aim to offer a selection of products and services to suit different budgets – although please don't feel that they impose any limits on you. We understand that weddings come in all shapes and sizes (e.g. mid-week weddings etc.), and we are genuinely interested in helping you get the most out of your special day, so if the Collections are not exactly as you want them, please don't hesitate to get in touch for a bespoke price.
